

Addendum #2

Great Lakes Hyperloop Feasibility Study; Request for Proposals Questions and Answers

1. Will the non-disclosure agreement apply to subconsultants as well?

Answer: Yes.

2. If a potential subconsultant has provided services to a competitor of HTT, is that subconsultant prohibited from being included on this proposal?

Answer: No.

3. Will a proposal be disqualified if consultant has or is working with a different hyperloop company? Is this considered a conflict of interest?

Answer: No. A consultant proposal will not be disqualified automatically if they are working or have worked with a different hyperloop company other than HTT. However, each proposal will have to be independently evaluated as to the level of conflict of interest and potentially could be disqualified.
