RE: Resolution No. 2011-035 - Facility Planning Area Boundary Change, Village of Madison/Lake County

NOACA's Section 208 Water Quality Management Plan (WQMP), *Clean Water 2000*, provides for modifications to wastewater treatment facility planning area (FPA) boundaries subject to the consent of affected parties, review by NOACA staff and the NOACA Water Quality Advisory Committee, and authorization by the NOACA Governing Board.

NOACA has received a request to remove a portion of the Lake County FPA in Madison Township and add it to the Village of Madison FPA in accordance with a Memorandum of Understanding (MOU) as executed between the interested parties. All parties are in agreement. If in the future Lake County extends service to the parcel in question and the Madison School Board decides to utilize the County's services as per the MOU, the parties have the option to approach the NOACA Governing Board and request a boundary change under the policies of the WQMP.

The NOACA Water Quality Advisory Committee reviewed the request at its meeting of August 24, 2011 and recommends the request for approval by the Governing Board. **Board Resolution 2011-035** has the effect of amending NOACA's *Clean Water 2000 Plan* to incorporate the requested changes.
